Plan Components

1. Based on your Needs Assessment, describe and prioritize a few key needs in instruction and the school program. Write a SMART goal for each key need. Each goal must be written using the SMART process: Specific, Measurable, Attainable, Rigorous, and Time bound. Each goal should accelerate student outcomes toward state proficiency levels. Include Evidence Based Interventions for each Prioritized Need.

The STAR test will also be given a third time in the Spring to measure the overall progress of all students.

An additional period of intervention will be provided for the lowest performing students focused on reinforcing classroom work and basic math skills. Supplemental materials will be purchased to address intervention needs and cross-curricular instruction. Schools to visit to observe strong intervention practices will be determined and visits scheduled.
